

## **DUNKIRK ANNUAL PARISH MEETING**

**Tuesday 7 May 2019, 7.30pm  
at Dunkirk Village Hall**

**Tea and coffee will be served from 7.15pm**

**Guest Speaker:**

**Julie Coleman – Master Beekeeper**

**THE BENEFITS OF POLLINATORS**

Julie has been keeping bees in Dunkirk for over 20 years and became a Master Beekeeper in 2017.

She has always had a keen interest in pollinating insects and the benefits to the natural landscape and to other wildlife. Recently the media has predicted that the loss of pollinators due to habitat loss and use of insecticides could result in the demise of the human race. Julie will give an overview of our pollinators with particular reference to honey bees and give her take on the effect of declining numbers in rural areas.

Come along to hear more on this fascinating subject. Julie will be pleased to answer any questions you have about bees and beekeeping.
